The Power of Money

When William Payne, the panker at Bisonville, decreed that no farmer who did not raise cows as well as wheat could borrow money from him, the angry grain growers almost lynched him. But they had to do as he demanded—and today his county is an oasis in a blowaway desert, his depositors and borrowers are prosperous farmers, his bank is looked upon as the agricultural father of the whole countryside. Such is The Power of Money for Good. Herbert Quick, formerly a member of the Farm Loan Board, tells the story in the February 7th issue of

TO GET DEDICATION

Work To Be Rushed On Eastern And Western Branches Of Dixie Highway

With the commencement of work or the last uncompleted section of the Nashville-Chattanooga division of the Dixie Highway over Cumberland Mountain, and the certainty of the completion of the Dixie Highway between Cincinnati and Knoxville on the eastern division, the Divie Highway Association has begun preparations for a big dedication to be held during the late summer or early fall of 1920. which will make the opening of the Highway to through travel from the North to the South. As there are two routes of the Highway south of the Ohio River through Kentucky and Tenhessee, with both possessing nileage of mountain road, the Dixie Highway Association has decided to allow these divisions to compete with each other as to which route shall be ready for dedication first, the decision to be made by disinterested representatives from the leading Motor Clubs who will make a trip of inspection over both routes prior to the dedication. In the event that both routes are ready a round trip_dedicatory tour will be made over both divisions.

The Chicago Motor Club, Detroit Cincinnati, Louisville, Nashville, Knox ville, Chattanooga, Atlanta, Macon, Jacksonville, Miami, Tampa and other automobile organizations as well as terested in the 'opening up of the their preparations to participate in the civic bodiesshidlurhdulmfwypww the dedicatory tour. The Chicago Motor has signed up over two hundred cars to make the trip to the point of dedication. The have arranged for the participation of Government trucks Key. with demonstration wireless and tele-

graph outfits. In order that their cities may have the honor of being on the division to be first opened up for through travel, the Automobile Clubs on the competing routes are taking steps to speed up construction work. One of the first organizations to do this is the Cincinnati Automobile Club, which has arranged for a joint meeting with the Knoxviile Club at a convention point on the Highway. Similar steps will be taken by Louisville and Nashville organizations.

In preparation for the dedication of the Dixie Highway, Secretary V. D. L. Robinson will go over the entire Highway, driving every mile of the road in his Briscoe car. The Highway in the states of Georgia, Florida. North and South Carolina will be covered first. On the return to Chattanooga the Highway to Detroit and Chicago, over both divisions, will be covered. Secretary Robinson will confer with the various road officials and commercial organizations enroute with a view of assisting in providing a travellable highway for the tourist travel by the winter season of 1920-21.

Bottled Manpower

Coughs and colds are weakening. Get rid of them as quickly as you can. Catarrh in any form saps the vitality. Fight it and fight it hard. There is a remedy to help you do it—a medicine of forty-seven years' established merit. Try it.

PE-RU-NA For Catarrh and Gatarrhal Conditions

It purifies the blood, regulates the digestion, aids elimination, tones up the nerve centers and carries health to all the mucous linings. For the relief of those pains in stomach and bowels, belching, sour stomach, rheumatism, pains in the back, sides and loins, PE-RU-NA is recommended.

Worst Form of Unbelief. The fearfullest unbelief is unbelief

They couldn't be built now for twice \$71,000

What Lincoln said From an address by Abraham Lincoln to the Workmen's Asso-ciation in 1864) "Property is the fruit of labor; property is desirable; is a positive good in the world ... Let not him who is houseless pull down the house of another, but let him week dill but let him work dili-gently and build one-for himself, thus by ex-ample assuring that his own shall be safe

from violence when built."

When the talk turns from politics to railroads, and the traveler with the cocksure air breaks in with, "There's an awful lot of 'water' in the railroads," here are some hard-pan facts to give him:

American railroads have cost \$80,900 a mile-roadbed, structures, stations, yards, terminals, freight and passenger trains—everything from the great city terminals to the last spike.

A good concrete-and-asphalt highway costs \$36,000 a mile—just a bare road, not counting the cost of culverts, bridges, etc.

Our railroads couldn't be duplicated today for \$150,000 a mile.

They are capitalized for only \$71,000 a mile—much less than their actual value. Seventy-one thousand dollars today will buy one locomotive.

English railways are capitalized at \$274,000 a mile; the French at \$155,000; German \$132,000; even in Canada (still in pioneer development) they are capitalized at \$67,000 a mile. The average for all foreign countries is \$100,000.

Low capitalization and high operating efficiency have enabled. American railroads to pay the highest wages while charging the lowest rates.

Balzac left in manuscript a chapter which he called "Theorie de la Demarche," in which he says, "The look, the voice, the respiration and the attitude or walk are identical. But, as it has not been given to man the power to stand guard at once over these four different simultaneous expressions of his thought, watch that one which speaks out the truth, and you will know the whole man."-Life of Balzac.

Cleveland H. Dodge Shows What Near East Relief Can Do in Efficient Purchasing.

Buying in wholesaie lots and under the most favorable market conditions, Near East Relief of 1 Madison avenue, New York city, with representatives in every state of the Union, has been able to baffle the high cost of living so far s reilef supplies for the suffering milions of the Near East are concerned.

Cieveland H. Dodge, treasurer, in a statement shows that the committee is able to provide food for the suffering people of the Near East at prices much lower than the average charge here.

A donation of \$5 per month wili provide food for one orphan, \$10 per month provides not only food, but also othes and shelter for one orphan, and for \$15 per month attendance at school is assured to each orphan in addition to food, clothing and shelter.

In the appeal for funds to save the starving remnants of the Armenians and other western Asia peoples, Near East Relicf is inviting the American public to "adopt" an orphan at the rates given here. Over 250,000 homeiess children are in need of help in the Near East. 'Women's organizations, lodges, churches and social clubs are responding to the appeal by adopting quotas of orphans for support over a definite period.

Main Claims Relief Gained Thru Trutona Treatment Worth \$100

Owensboro, Ky., Feb. 12-"I only spent \$1 for my first bottle of Trutona but I wouldn't take \$100 for the relief that it gave me." This is the statement of Mr. W. H. Hornbaker, 58 years old, of 1120 Breckenridge Street. Mr. Hornbaker is assistant yard foreman in the Murphy Chair Co., and during his 30 years residence in this city had become very well known.

"A catrrhal affection of the head and bronchial tubes caused me much trouble." he said." "I

s bothered with constipation my kidney were out of order. My bowel did not act for two or three days at a time.; I was constantly annoyed with the dripping of mucus from a my mouth. Often I became choked up and would cough until I vomited.

"Well sir, Trutona has certainly improved my catarrhal condition. The mucus has become loosened and I can spit it out without suffering the terrible coughing spells. My kidneys are in better shape too. Why,I can walk all the way home without my back hurting me. There are 100 men in our factory and I am daily recommending Trutona to some of them who need relief."

Trutona is now being introduced and explained in Richmond at the Richmond Drug Company.

Black Patch Growers Don't Like Price Decline

At a meeting of land owners at Owensboro Tuesday steps were taken to protect the tobacco growers from the low prices now being paid for the weed in that district. Another meeting will be held on Feb. 21. In the meantime the growers were urged to hold their tobacco in the barns awaiting developments.

The farmers in the Green river district are fortunate in the fact that more than two-thirds of the crop was sold when the high prices were prevailing. It is said that in Black Patch of Western Kentucky and Tennessee not more than 10 per cent of the crop had been sold when the drop in the market occurred.

A half million pounds of pryor tobacco has been sold over the Owensboro market this week at an average price of only \$11.50 per hundred pounds, one of the lowest marks in three years. The season average in Owensboro on nearly 25,000,000 pounds in close to \$18 per 100. Burley from a field that yielded \$96 a hundred six weeks ago sold for only \$9 a hundred. It was pointed out that it would be cheaper for a grower to buy tobacco over the loose-leaf floor and resell; it next year than attempt to raise another crop at the prevailing prices. Buyers blame the foreign exchange situation for low prices-It is known that some of the foreign contracts have been canceled.

Races May Succeed Liquor Taxes Frankfort, Ky., Feb. 13-That the race tracks in the State will become one of the most profile scources of revenue to the State seems certain. They will take the place of liquor as a revenue producer if the plans of the leaders of the present session of this legislature are carried out.

The plan is to raise \$500,000 annually from race tracks.

There are two reasons for this heavy tax. The first is that it may deter the radical anti-race rack legislators from endeavoring to eliminate them, and second is, the State-need of the money.

The bill to produce this "large sum of money will have the backing of the administration, it is
